

We are thrilled to announce the launch of Enrich WebConnect - the latest evolution of our services.

Here's What You Can Expect with Enrich WebConnect:

URL Access – Desktop Convenience: Enrich is now just a URL away! Access and deploy Enrich WebConnect from any desktop, offering you flexibility and convenience like never before. Please note, this access is exclusive to desktops, ensuring a robust and secure user experience.

Enhanced Security with SSO: Your security is our top priority. With Single Sign-On (SSO) integrations like OAuth and SAML 2.0, you can now link your Office 365, BOA, and other accounts for seamless access to Enrich. This upgrade not only bolsters security but also streamlines your workflow.

Enrich Document Manager: Say goodbye to the hassle of managing documents! Access crucial documents such as PM Checklists, rental agreements, and invoices directly from Enrich screens, making your document handling efficient and stress-free.

To schedule your upgrade or for any inquiries, please contact the Enrich helpdesk at help@enrichsoftware.com. Our dedicated team is ready to assist you every step of the way.

Just a heads up, we'll be rolling out WebConnect implementations over the next few months, and we're excited to team up with you to create an implementation plan together.

We can't wait for you to Discover the Enhanced Power of Enrich

Warm regards,
The Enrich Team
